### President's Column

At the April Finance Committee meeting we had a visit from Michael Richmond of the Richmond Agency, which has been our insurance carrier for many years. Mr. Richmond discussed our lines of coverage. The more common lines are workers comp, directors and officers liability, property damage (personal and real), water damage, and co-insurance. Several lines of coverage were new to me: liquor liability (based on sales) because of the bar and liquor license; spoilage of food stock in the kitchen; business income, we are a business. We also have building ordinance coverage for items that were not actually damaged but are required to be brought up to code. An example would be if one part of the building were damaged and needed repair to the electrical infrastructure, but the local jurisdiction required that the building's entire electrical system be brought up to code—even though it was not all damaged. and water damage due to flooding. A line that we may want to add is called "employment practices liability." This is coverage for discrimination, wrongful termination, harassment, and other employment-related issues. Discussion ensued about how the Club is covered regarding potential actions related to our volunteers: "Are volunteers treated the same as employees?" Mr. Richmond will research this question and provide guidance. General discussion included the question, "is it difficult to find a carrier or policies for us as a gun club?" Mr. Richmond said that coverages tend to be in favor at one time and out of favor at others. He cannot predict the future of what will be available, but he is able to find coverages today. The Finance Committee annually reviews our coverages, policy limits, and estimated property values.

IDPA is back in full swing for the year. The monthly matches are the fourth Saturday of each month. A weekly practice is held each Tuesday at 5pm. The annual Challenge Match is scheduled for September. Participants and volunteers are always welcome. Contact [ldpa@tcsi.org](mailto:ldpa@tcsi.org).

Planning and coordination for WOT and KORD continue. The next meeting is May 3 at 6:30pm in the clubhouse. Join us to volunteer as range coach, guide, registration or kitchen crew. Volunteers for KORD are reminded that a background check is required each year. The fee (\$10) falls on each of us. Search [ICHAT and Michigan State Police](#) for the link to complete the process. Send a copy of the background report to [kord@tcsi.org](mailto:kord@tcsi.org). Openings for participants remain for each event. Both events are excellent introductions to the shooting sports.

Rifle matches and pin shoots are ongoing. Compete for bragging rights and skill development. These also provide an opportunity to see and test out firearms that may be new to you. Members, guests, and the public are welcome at our Club public events.

We are holding a Range Safety Officer training on Saturday, May 20. The Club will pick up the tuition cost for each Club member attending. CPR/AED training cost will be each student's responsibility. Follow the link on the calendar to enroll or contact Brian Craig at [education@tcsi.org](mailto:education@tcsi.org). After the class, each student must register as an RSO with the NRA. Details will be provided at the class. A goal for this year is to have better RSO coverage on our ranges. New and current RSOs are needed to cover the ranges. Earn volunteer hours for RSO coverage, and see the large variety of firearms owned by our members.

The monthly Steak Fry is on May 26. Helpers are always needed. Diners are wanted. Spread the word to your friends and family about the best steak dinner value in the Tri-County area. A mere \$20, \$15, or \$10 will get you a steak, salmon, or chicken dinner with all the fixings.

Volunteers and trainees are need for the kitchen and hall rental. The kitchen and the hall generate operating funds for the Club and provide a gathering venue for members. Mark S. has been pulling double/triple/plus duty for an extended period in both areas. We need to ensure that we have the ability to continue this part of our Club. The coverage includes breakfasts, burger nights, steak fries, and banquet and hall rentals. Positions include both event leadership (chairs) and general helpers. Our Second VP (Hall Regulation) coordinates rentals and contracts and oversees the hall usage. The main requirement is a desire to learn and to produce a quality product. How can you help? Can you volunteer for coverage or leadership of an event?

The MUCC Youth Camp is looking for help. The camp is located at 2500 Pierce Rd, Chelsea. They have a camp clean-up day scheduled for Friday, May 5, starting at 9am. Use this link to register: <https://docs.google.com/forms/d/e/1FAIpQLSf8io9XakMZDb994990fpD6RkKoTUPXpxNIKatYYW1TrRmf4g/viewform>. The coordinator said this is more of a head count for lunch, rather than a registration. If you want to help and eat, fill this out. You are welcome to help at any time in the day without lunch.

The camp is also looking for kitchen help during their overnight camp sessions. The dates are the week of June 25 and July 23. Help is especially needed for lunch and dinner. You won't be overnighting, just helping with the meals. If you're interested, contact [sstover@mucc.org](mailto:sstover@mucc.org) for questions or clarifications.

Check the calendar for events, classes, workshops, and volunteer opportunities: <https://tcsi.org/#calendar> The next Board and Membership meetings are May 18.

Memorial Day is May 29. May we devote a part of the day to honor and mourn those who died serving Liberty in our military.

Safety is our highest priority. The Club rules and NRA guidelines help to ensure we attain that goal.

Sincerely,  
[Stuart Berry](#)

## MUCC Committee Report

This year the MUCC Youth Camp near Chelsea has a variety of programs available. They have several week-long day camp sessions and also two week-long overnight sessions. There is a **Camp Clean-Up Day** planned for Friday, May 5, from 9am to 4pm. **Volunteers are invited and are needed!** Lunch will be provided. Go to [www.mucccamp.org](http://www.mucccamp.org) for more information (camp address, etc.), and select the "Volunteer" tab for a bit more information and to sign up. You could also simply send your name, email address, and phone number to [sslover@mucc.org](mailto:sslover@mucc.org). Bring work gloves, etc.

Jim Pryce and I attended the MUCC Annual Convention in late March at the Comfort Inn in Mt. Pleasant. I will place some copies of information about activities at convention and summaries of the resolutions that were passed at convention on the information table at TCSL for members to review. Many of these resolutions were debated and amended by the voting delegates before they were passed. If all of the copies are taken, please call me and I will get a copy to you.

MUCC Executive Director Amy Trotter represented MUCC during the legislative process regarding the gun law bills. The bills did pass, but Amy was able to influence changes to some of the language in the bills to make them more reasonable. Amy, as well as other gun rights advocates, got very little opportunity to testify before the legislators in opposition to the bills.

MUCC continues to monitor the tribal fishing treaty negotiations and the wolf discussions.

I plan to attend the Conservation Policy Board meetings scheduled for Saturday, June 3, in Big Bay (near Marquette) and for Saturday, August 26, in Alpena. These meetings are open to all MUCC members. I also plan to attend the next Conservation Coalition meeting in June.

The MUCC Region 8 Directors, Len Shaner and Eric Braden, are planning meetings for the near future. I will keep the club and members informed as plans develop.

If any TCSL member is interested in more information and/or in being involved in any of the above events, please contact me or Jim.

## Bowling Pin Shoots - Open to The Public

Bowling pin shooting is a fun, but challenging event. We welcome the skilled shooter, as well as, the novice shooter to participate. We guarantee you will enjoy yourself, while enhancing your shooting skills. Members and Non-members are encouraged to bring friends/family along with them.

### PCC & .22 Rifle Bowling Pin Shoot

Sundays: May 7, June 11, July 30, August 20, September 24

11:30am until 4:00pm

Shooting starts at 12:00 noon.

The cost for each relay (20 pins = 5 pins x 4 tables) is \$5.00.

The shooter stands **20 yards** away from a structure, with 5 bowling pins on it. A safety officer, with a timer, will give the command to commence firing, at which time the shooter will begin shooting until all 6 pins are knocked down. The time it takes to knock 5 pins down is recorded. The average time of the shooters best 3 tables will determine his/her score. Bragging rights are determined by the lowest shooter's score.

If you don't own a PCC or .22 rifle and would like to participate, there are several members on site who are willing to loan you their .22 rifle for this event.

## Women on Target Saturday, June 10

It's less than 6 weeks until TCSL's Women On Target event on June 10, and our next planning meeting will be on Wednesday, May 3, at 6:30pm in the clubhouse. Here's where we stand today:

At this writing, we have 4 spots available. If you or someone you know is interested in participating in this event, go to [TCSL.org/events](http://TCSL.org/events) to register. If at that time there are no spots available, sign up on the wait list. You may very well still be able to take part.

**If you are volunteering for WOT or for KORD, we need to have your T-shirt size by May 3 to order your free STAFF shirt.**

If you have not signed on as a volunteer yet, it's time to contact us:

- We still have a couple spots for guides. Our hope is to have 7 guides plus 1 or 2 alternates in case one of the guides has to cancel. Call or text Carol to let her know you are interested in working as a guide.

- We are still placing volunteers to help in various areas both setting up during the week leading up to June 11 and on the Saturday of the event (June 10): set-up on Friday, volunteer and participant check-in that morning, runners, kitchen assistants, people to pick up coffee, donuts for the ranges, loading coolers, getting lunches to the ranges and more . . . Let us know when you are available and we'll find a spot for you. We appreciate your generous volunteering of your time.

We are taking donations of themed baskets for the raffle. Watch for an email blast this week with details.

If you can help, please email us at [WOT@TCSL.org](mailto:WOT@TCSL.org) or call or text Carol.

Thanks!

## Kids on the Range Day Saturday, July 15

There's still plenty of space for both participants and volunteers, so please spread the word!

Registration materials for Kids on the Range Day are available via the Club website at [tcsl.org/events/](http://tcsl.org/events/) and at the Club. Completed forms (along with appropriate fees) can be mailed to or dropped off at the Club. KORD is open to all kids, ages 8-18, with any level of shooting experience. (Most will have—at best—occasional shooting experience.

Again, a big thank you to both Cottage Inn and Cabela's for their financial support. And a HUGE thank you to the NRA Foundation, whose \$1100 grant will make it possible to purchase youth-size rifles.

As you know, this event is only made possible by YOU, our committed TCSL volunteers. We can always use more of you, and it's a fun event, so come out and join us. The next WOT/KORD planning meeting is scheduled for Wednesday, May 3, at 6:30pm at the Club.

Please also see the Women on Target article to learn about volunteer T-shirts. We will be buying them for KORD volunteers as well, so please provide your size.

Don't forget that ALL KORD volunteers need to submit a background check done through the Michigan State Police's ICHAT program. Let me know if you have questions about this, or if you'd like me to do yours for you.

As always, let me know if you have questions or comments. If you're new to KORD and would like a list of volunteer job opportunities, please let me know. Whether you want/are able to take an active roll or want a "desk job," there's a place for you!!!

## Mark your calendar now: WOT/KORD Volunteer Dinner Wednesday, May 31, at 6:30 at the clubhouse!

At about 7pm, Tom Lewandowski will hold a "Safety Brush-Up" session for all WOT and/or KORD range volunteers. Just as a reminder of what special things to keep in mind when working with totally new shooters—young or old(er).

## Hunter Education

### Ways Hunting Can Bring You Happiness

Ever wonder why some hunters grow such an immense passion for hunting? Hunting takes time, work, skill, luck and so much more, but the benefits can far outweigh what is invested.

As you get into hunting, the challenge can seem overwhelming. It is certain to challenge your learning abilities, but persistence and perseverance truly set accomplished hunters apart from the rest.

No matter how much you hunt, here are a few ways that hunting might positively impact mental health:

1. Connection with nature: Hunting often involves spending time outdoors in natural environments, which can promote feelings of calmness, relaxation, and connectedness with nature. Research has shown that spending time in nature can reduce stress, anxiety, and symptoms of depression.
2. Physical activity: Hunting typically involves physical activity, such as walking or hiking, which can promote physical health and also release endorphins that can improve mood and reduce stress.
3. Mindfulness: Hunting can require a great deal of patience and focus, which can promote mindfulness and help individuals stay present in the moment. Mindfulness has been shown to reduce stress and improve overall well-being.
4. Sense of accomplishment: Successfully hunting an animal can provide a sense of accomplishment and boost self-esteem. This can be especially beneficial for individuals who may struggle with feelings of low self-worth or lack of purpose.

Hunting can also provide an ongoing lesson for the roles in life and death, which can also benefit one's perception of reality. Something very much needed in a time when social media, artificial intelligence and augmented reality are taking over our younger generations. It is critical that we adapt to the world we physically live in and not expect the world around us to adapt to us for everything. That is not a healthy reality and oftentimes creates unhappiness.

It is important to note that today not everybody is for hunting, but hunting will always be for everybody. Elements of today's culture and modern conveniences numb our primitive instincts to hunt—developed through our ancestors—and the necessity to learn, invest and become self-sustainable through the outdoors. Hunting used to be about the need to survive, but more than ever it is now considered recreation because only those who want to do it participate. It has become a choice among many choices. There are still millions of people who participate, strive to maintain the basic life skills hunting provides, and continue to share the heritage of the hunting lifestyle with others.

Those who participate reap the benefits the most, but hunting also supports conservation efforts that benefit all people and species. For that, we should all be thankful for hunting.
